

SAFETY DATA SHEET

Central Heating Leak Sealer F4

1. Identification of the preparation and of the company

Product name : Central Heating Leak Sealer
F4

Code : 56603

Head Office : **Cookson Electronics**
Forsyth Road
Sheerwater
Woking
Surrey
England
GU21 5RZ
Tel: +44(0)1483 758400
Fax: +44(0)1483 728837

Manufacturer : Cookson Electronics Assembly
Materials Group
Ashford Manufacturing Site
Henwood Industrial Estate
Hythe Road
Ashford
Kent
England
TN24 8DH
Tel: +44 (0) 1233 610110
Fax: +44 (0) 1233 664323

Contact person : shosken@cooksonelectronics.com

Material uses : Sealants

2 Hazards identification

The preparation is not classified as dangerous according to Directive 1999/45/EC and its amendments.

Classification : Not classified.

Effects and symptoms

Skin contact : Slightly hazardous by the following route of exposure: of skin contact (irritant).

Eye contact : Slightly hazardous by the following route of exposure: of eye contact (irritant).

Toxicity data : Not available.

See section 11 for more detailed information on health effects and symptoms.

3 Composition/information on ingredients

Substance/preparation : Preparation

* Occupational Exposure Limit(s), if available, are listed in Section 8

* The classifications listed, indicate the potential hazards of the ingredients

4. First-aid measures

First-aid measures

Inhalation : Obtain medical attention if symptoms occur. If unconscious, place in recovery position and get medical attention immediately.

Ingestion : Wash out mouth with water. Keep person warm and at rest. If unconscious, place in recovery position and get medical attention immediately.

Skin contact : Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Obtain medical attention if symptoms occur. Wash clothing before reuse. Clean shoes thoroughly before reuse.

Eye contact : Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Continue to rinse for at least 10 minutes. Get medical attention if irritation occurs.

Protection of first-aiders : No action shall be taken involving any personal risk or without suitable training.

Notes to physician : No specific treatment. Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.

See section 11 for more detailed information on health effects and symptoms.

Date of issue : 19/11/2007.

1/6

5. Fire-fighting measures

Extinguishing media

- Suitable** : Use an extinguishing agent suitable for the surrounding fire.
- Not suitable** : None known.
- Special exposure hazards** : In a fire or if heated, a pressure increase will occur and the container may burst. Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.
- Hazardous combustion products** : Decomposition products may include the following materials:
metal oxide/oxides
- Special protective equipment for fire-fighters** : Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

6. Accidental release measures

- Personal precautions** : Use suitable protective equipment (section 8).
- Environmental precautions** : Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).
- Large spill** : Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations (see section 13). Dispose of via a licensed waste disposal contractor. Note: see section 1 for emergency contact information and section 13 for waste disposal.
- Small spill** : Dilute with water and mop up if water-soluble or absorb with an inert dry material and place in an appropriate waste disposal container. Dispose of via a licensed waste disposal contractor.

7. Handling and storage

- Handling** : Put on appropriate personal protective equipment (see section 8). Avoid contact with eyes, skin and clothing.
- Storage** : Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabelled containers. Use appropriate containment to avoid environmental contamination.
- Packaging materials**
- Recommended** : Use original container.

8. Exposure controls/personal protection

Exposure limit values

<u>Ingredient name</u>	<u>Occupational exposure limits</u>
Europe No exposure limit value known.	
Sweden No exposure limit value known.	
Denmark No exposure limit value known.	
Norway silica, amorphous, fumed	Arbeidstilsynet (Norway, 10/2003). TWA: 1.5 mg/m ³ 8 hour(s). Form: respirable dust
France No exposure limit value known.	
Netherlands	

Date of issue : 19/11/2007.

2/6

8. Exposure controls/personal protection

No exposure limit value known.

Germany

silica, amorphous, fumed

MAK-Werte Liste (Germany, 7/2006).

TWA: 0.3 mg/m³ 8 hour(s). Form: measured as the respirable fraction of the aerosol

TRGS900 AGW (Germany, 1/2006).

TWA: 4 mg/m³ 8 hour(s). Form: Inhalable fraction

Finland

silica, amorphous, fumed

Työterveyslaitos, Sosiaali- ja terveysministeriö (Finland, 4/2005).

TWA: 5 mg/m³ 8 hour(s).

United Kingdom (UK)

silica, amorphous, fumed

EH40-WEL (United Kingdom (UK), 9/2006).

WEL 8 hrs limit: 6 mg/m³ 8 hour(s). Form: inhalable dust

WEL 8 hrs limit: 2.4 mg/m³ 8 hour(s). Form: respirable dust

Austria

silica, amorphous, fumed

GKV_MAK (Austria, 6/2006).

TWA: 0.3 mg/m³ 8 hour(s). Form: respirable fraction

Switzerland

silica, amorphous, fumed

SUVA (Switzerland, 2/2005). Notes: not temporary

TWA: 4 mg/m³ 8 hour(s). Form: inhalable dust

Belgium

No exposure limit value known.

Spain

No exposure limit value known.

Turkey

silica, amorphous, fumed

NIOSH REL (United States, 6/2001).

TWA: 6 mg/m³ 10 hour(s). Form: All forms

Czech Republic

silica, amorphous, fumed

178/2001 (Czech Republic, 6/2004).

TWA: 0.1 mg/m³ 8 hour(s). Form: Respirable dust

TWA: 4 mg/m³ 8 hour(s). Form: Total dust

Ireland

silica, amorphous, fumed

NAOSH (Ireland, 3/2002).

OELV-8hr: 6 mg/m³ 8 hour(s). Form: inhalable dust

OELV-8hr: 2.4 mg/m³ 8 hour(s). Form: respirable dust

Italy

No exposure limit value known.

Estonia

silica, amorphous, fumed

Sotsiaalminister (Estonia, 9/2001).

TWA: 2 MG/M3 8 hour(s). Form: inhalable dust

Lithuania

No exposure limit value known.

Slovakia

silica, amorphous, fumed

Nariadenie Vlády Slovenskej republiky (Slovakia, 5/2006).

TWA: 2 mg/m³ 8 hour(s). Form: respirable compact aerosols

TWA: 10 mg/m³ 8 hour(s). Form: total compact aerosols

Hungary

No exposure limit value known.

Poland

No exposure limit value known.

Slovenia

8. Exposure controls/personal protection

silica, amorphous, fumed

Uradni list Republike Slovenije (Slovenia, 4/2005).

TWA: 4 MG/M3 8 hour(s). Form: Inhalable fraction

Latvia

No exposure limit value known.

Greece

No exposure limit value known.

Portugal

No exposure limit value known.

Recommended monitoring procedures : Reference should be made to European Standard EN 689 for methods for the assessment of exposure by inhalation to chemical agents and national guidance documents for methods for the determination of hazardous substances.

Exposure controls

Occupational exposure controls : No special ventilation requirements. Good general ventilation should be sufficient to control worker exposure to airborne contaminants. If this product contains ingredients with exposure limits, use process enclosures, local exhaust ventilation or other engineering controls to keep worker exposure below any recommended or statutory limits.

Hygiene measures : Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Appropriate techniques should be used to remove potentially contaminated clothing. Wash contaminated clothing before reusing. Ensure that eyewash stations and safety showers are close to the workstation location.

Respiratory protection : Recommended: None assigned.

Hand protection : Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.
<1 hours (breakthrough time): disposable vinyl

Eye protection : Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists, gases or dusts.
Recommended: safety glasses with side-shields EN 166 1F

Skin protection : Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.
Recommended: overall

Environmental exposure controls : Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In some cases, fume scrubbers, filters or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable levels.

9. Physical and chemical properties

General information

Appearance

Physical state : Liquid.
Colour : White.
Odour : Characteristic.

10. Stability and reactivity

- Stability** : The product is stable. Under normal conditions of storage and use, hazardous polymerisation will not occur.
- Conditions to avoid** : No specific data.
- Materials to avoid** : No specific data.
- Hazardous decomposition products** : Under normal conditions of storage and use, hazardous decomposition products should not be produced.

11. Toxicological information

Potential acute health effects

- Inhalation** : No known significant effects or critical hazards.
- Ingestion** : No known significant effects or critical hazards.
- Skin contact** : No known significant effects or critical hazards.
- Eye contact** : No known significant effects or critical hazards.

Acute toxicity

Over-exposure signs/symptoms

- Target organs** : Contains material which causes damage to the following organs: upper respiratory tract, eye, lens or cornea.

12. Ecological information

Aquatic ecotoxicity

Biodegradability

- Other adverse effects** : No known significant effects or critical hazards.

13. Disposal considerations

- Methods of disposal** : The generation of waste should be avoided or minimised wherever possible. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers.
- European waste catalogue (EWC)** : 16 03 06 organic wastes other than those mentioned in 16 03 05
- Hazardous waste** : Within the present knowledge of the supplier, this product is not regarded as hazardous waste, as defined by EU Directive 91/689/EEC.

14. Transport information

International transport regulations

Regulatory information	UN number	Proper shipping name	Classes	PG*	Label	Additional information
ADR/RID Class	Not regulated.	-	-	-		-
IMDG Class	Not regulated.	-	-	-		-
IATA Class	Not regulated.	-	-	-		-

PG* : Packing group

Date of issue : 19/11/2007.

5/6

15. Regulatory information

EU regulations

Classification and labeling have been determined according to EU Directives 67/548/EEC and 1999/45/EC (including amendments) and take into account the intended product use.

Risk phrases : This product is not classified according to EU legislation.
Product use : Consumer applications, Industrial applications.

Germany

Hazard class for water : 3 Appendix No. 4

Italy

Emission control directive : 9.99% Not classified.

16. Other information

History

Date of printing : 19/11/2007.
Date of issue : 19/11/2007.
Date of previous issue : 12/11/2007.
